The entire legal fraternity is shocked and is under a serious concern due to a security lapse causing incident of firing and killing people inside Rohini Court Complex. This particular incident has questioned a very serious security concern for all lawyers, judges, staff and general public. The issue of security inside the Court should primarily be the highest priority and there should be no compromise regarding the same.

The NCLT Bar condemns the incident which happened yesterday at the Rohini Court Complex, and request the authorities to increase the security in the court premises.

All the members are requested to co-operate on security issues.

Dr. U.K. Chaudhary
President
NCLT Bar Association
New Delhi.
